Dear Sir/Madam,

On behalf of our client Lodgewood Solar Farm Ltd (hereafter referred to as the 'Applicant'), we have submitted an amendment application under the provisions of Section 146B of the Planning and Development Act, 2000 (as amended) in respect of the previously approved Tincurry 110 kV Substation (ABP-318528-23). The reference number for the amendment application of which this cover letter relates to is ACP-324115-26.

The attached cover letter is in response to correspondence received from An Coimisiún Pleanála on 26th June 2026 outlining that the proposed amendment of the previously approved Tincurry 110 kV Substation has been deemed to be a 'Material Alteration' under the provisions of Section 146B(8) of the Planning and Development Act, 2000 (as amended). Please find attached correspondence in relation to the matter.

Site notices will be erected today, and a hard copy of the original documentation will be delivered to Wexford County Council.

You may contact me should you need clarification on any aspect, or should you require further information.

Regards,
