## Board Direction

---

**Ref: 05B.233876**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 24/08/09.

The Board decided to refuse permission generally in accordance with the Inspector's recommendation, subject to the amendments shown in manuscript on the attached copy of the Inspector's draft reasons and considerations.

The Board considered that the issues raised by the Inspector with regard to (1) the impact of the development on the visual amenities of the area and (2) the ground conditions on site in proximity to Lough Anure and the associated risk of water pollution would constitute new issues and decided not to pursue these issues having regard to the substantive reason for refusal.

Send a copy of the Board Direction with the decision.
