Board Direction

Ref: PL 03.239437

The submissions on this file and the Inspector's report were considered at a Board meeting held on 4th January, 2012.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, subject to the amendments shown in manuscript on the attached copy of the draft order.

Note: The Board noted that under P06/492, the applicant was required to pay a development contribution in condition 4, for that retention permission for the same development. In the current Clare County Development Contribution Scheme 2011-2017, the terms refer to a development contribution on a per mast basis. Having regard to the planning history of the site, the Board did not consider it appropriate therefore, to impose an additional development contribution condition.

Please issue a copy of this direction with the order.
