Hello,

I refer to the planning application, Case number ABP-320705-24, the proposed development of 9 no. wind turbines, 110kV substation and ancillary development. I wish to state my support for the submissions and objections lodged already by concerned locals, Shannon Airport and the Air Navigation Authorities, that the developers new information does not address the concerns of same, and that the planning application should be rejected on that basis.

Is mise,
