<u>Day 7 - Tuesday 2nd April in offices of An Bord Pleanála, 64 Marlborough Street</u>	Irish Water Presentation Irish Water will be invited to present the case for the CPO and respond to individual objections. The applicant is requested to present brief summaries of the Routing Report, Engineer’s Report and Planning Reports, which have already been received by the Board. The presentation should not exceed 4 hours.
	Objector’s submissions – these should relate to the CPO only. Any matters relating to planning or environmental concerns should be presented in Module 1. The order of appearances will be determined at the hearing.
	Questions.
	Closing Statements.
	Inspector will close the hearing.

Notes

- There is no obligation on any party to make a submission to the oral hearing or to ask questions. All written submissions already received will be considered by the Inspector and the Board. For this reason, submissions previously made in writing should not be reiterated at the oral hearing.
- In the making of the presentation on the project overall subject of the application including the RBSF the applicant is requested to ensure that there is no gap in the assessment of cumulative impacts in particular and that the application before the Board is presented, as a single project notwithstanding the separation of the RBSF into a separate volume of the EIAR.

- If written statements are submitted, it will be necessary to have sufficient copies available for circulation to other parties. This would also apply to any document/plan/drawing presented to the hearing. Three copies of any written documentation should also be submitted for the Board file.
- The applicant is advised to ensure that all relevant persons involved in the preparation of the application and accompanying documentation are available to answer any questions that may arise.
- No party is required to make a closing statement.
- Any legal arguments should be part of the submission of the relevant party.
- The Board has no role or jurisdiction in the determination or the assessment of compensation and that any submission made to the hearing should bear this in mind as no discussion regarding compensation will be facilitated.
- CPO submissions should be restricted to considerations relevant to the determination of the Board on this matter and should not address matters relevant to the planning application.
- On completion of the oral hearing, the Inspector will prepare a report and recommendation on the case for the Board. The decision to confirm or annul the CPO and approve or refuse to approve the proposed Strategic Infrastructure Development will be made by the Board.
- The Board may direct the payment of a contribution towards the costs to any person appearing at an oral hearing, which have been incurred by that person, as a consequence of appearing at the hearing. Any payment will be at the Board's discretion. Any application for costs should be made in writing to the Board within three weeks of the date of this hearing.
- The agenda and timetable as set out above is indicative, only, and may vary during the course of the hearing.
