Mr Alan Chowney,
Energy Markets – External,
Dept. of Enterprise, Trade & Investment,
Netherleigh,
Massey Avenue,
Belfast BT4 2JP,
Northern Ireland.

Date: 25th March, 2015.

Re: Projects of Common Interest: Missing Information

Dear Mr Chowney,

I write to inform you that the project promoter for the North-South Electricity Interconnector project in the Republic of Ireland, EirGrid, have submitted a draft application file to An Bord Pleanála (ABP) (Competent Authority) on 7th November, 2014. ABP in its role as Competent Authority under EU Regulation 347/2013 then proceeded to examine the draft application for missing information. On Tuesday 16th December, 2014 ABP (Competent Authority) requested missing information from EirGrid.

The missing information was submitted by EirGrid on 13th March, 2015, and is currently being examined by the Strategic Infrastructure Section of An Bord Pleanála. The Regulation (EU) No 347/2013 allows a period of three months for this part of the process.

Yours sincerely,

Seamus Grant,
Executive Officer,
PCI Unit
