**Re: North-South 400kv Electricity Interconnector/Projects of Common Interest**

Dear Mr. Cox,

I refer to your letter of 27<sup>th</sup> February, 2015 in relation to the submission of Missing Information under Article 10.4.(c) of Regulation 347/2013.

The PCI Unit has no difficulty with the Missing Information being submitted as outlined by you subject to:

- Any alterations to the draft application file being in relation to further expansion of issues in the documentation and information to be lodged with the application to be made to An Bord Pleanála Strategic Infrastructure Section under section 182A of the Planning and Development Act 2000, as amended, rather than changes to the fundamental scope and nature of the proposed development itself as considered by An Bord Pleanála during the pre-application consultations and in the scoping opinion issued.
- The highlighting and clarification in summary form of the extent of any further minor changes/amendments made to the proposed development since the closure of the strategic infrastructure pre-application consultations process.

Yours faithfully,

Diarmuid Collins,  
Senior Admin Officer,  
PCI Unit.
