Subject: RE: PCI0001 - Concept for Public Participation

Good Morning Aidan,

Re: PPC Report

Under the report section 3.2 "International Best Practice In Respect of Public Consultation" there is reference to the CIGRE Working Group B2.15 Report entitled *Consultation Models for Overhead Line Projects* (June 2005).

Is it possible to make this report available to the Board in either a softcopy or hardcopy format?

Thanks in advance,

Seamus
