

Board Direction

Ref: PL06F.245879

The submissions on this file and the Inspector's report were considered at a Board meeting held on March 24th 2016.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, subject to the amendments shown in the reasons, considerations and conditions set out below.

REASONS AND CONSIDERATIONS

Having regard to the land use zoning objective for the site, as set out in the current Development Plan for the area, the pattern of existing development on the site and in the vicinity, the design of the development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential amenities of property in the vicinity, would not detract from the visual amenity of the area, would not be prejudicial to public health and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

CONDITIONS

1. The development shall be carried out in accordance with the plans and particulars lodged with the application as amended by the drawings received by the planning authority on the 22 day of October, 2015, except as may otherwise be required in order to comply with the following conditions.

Reason: In the interest of clarity.

2. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and to ensure a proper standard of development.

3. All service cables associated with the proposed development (such as electrical, communal television, telephone and lighting cables) shall be run underground within the site.

Reason: In the interest of orderly development and the visual amenities of the area.

4. Construction works shall be restricted to between 0800 hours and 1800 hours, Monday to Friday and between 0800 hours and 1400 hours on Saturdays. No works shall take place outside these hours or on Sundays or Bank or Public Holidays.

Reason: In the interest of residential amenity.

5. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000 that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Note: Section 34(13) of the Planning and Development Act 2000, as amended, states "*A person shall not be entitled solely by reason of a permission under this section to carry out any development*".
