

Board Direction

Ref: 29S.245958

The submissions on this file and the Inspector's report were considered at a Board meeting held on 6th, May 2016.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the reasons and considerations and subject to the conditions as set out below.

REASONS AND CONSIDERATIONS

- 11.1.0 Having regard to the zoning objectives for the area and pattern of development in area, it is considered that subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or property in the vicinity and would be acceptable in terms of public safety. The proposed development would therefore be in accordance with the proper planning and sustainable development of the area.

CONDITIONS

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application as amended by the further plans and particulars submitted to An Bord Pleanála on the 3rd day of February 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The omission of the attic floor window on the rear / south-eastern elevation, illumination the den / storage room and its replacement with a velux window of identical proportions to or smaller than that currently existing.

Revised drawings showing compliance with this requirement shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interests of visual and residential amenity.

3. A comprehensive boundary treatment and landscaping scheme shall be submitted to and agreed in writing with the planning authority, prior to commencement of development. This scheme shall include the following:

(a) details of all proposed hard surface finishes within the development;

(b) proposed locations of trees and other landscape planting in the development, including details of proposed species and settings;

The boundary treatment and landscaping shall be carried out in accordance with the agreed scheme. Any trees which die, are removed or become seriously damaged or diseased, within a period of 5 years from the completion of the development, shall be replaced within the next planting season with others of similar species, unless otherwise agreed in writing with the planning authority.

Reason: In order to screen the development, in the interest of visual amenity.

4. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including:

(a) location of the site and materials compound(s) including area(s) identified for the storage of construction refuse;

(b) location of areas for construction site offices and staff facilities;

(c) details of site security fencing and hoardings;

(d) details of on-site car parking facilities for site workers during the course of construction;

(e) measures to prevent the spillage or deposit of clay, rubble or other debris on the public and estate road network;

(f) details of appropriate mitigation measures for noise, dust and vibration, and monitoring of such levels;

(g) off-site disposal of construction/demolition waste and details of how it is proposed to manage excavated soil;

(h) means to ensure that surface water run-off is controlled such that no silt or other pollutants enter local surface water sewers or drains;

and

A record of daily checks that the works are being undertaken in accordance with the Construction Management Plan shall be kept for inspection by the planning authority.

Reason: In the interest of amenities, public health and safety.

5. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

- 6 Site development and building works shall be carried out only between the hours of 08.00 to 19.00 Mondays to Fridays inclusive, between 08.00 to 14.00 on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

- 7 The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
