

## Board Direction

---

**Ref: PL29N.246136**

The submissions on this file and the Inspector's report were considered at a Board meeting held on May 4<sup>th</sup> 2016.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, subject to the amendments shown in the reasons, considerations and conditions set out below.

### REASONS AND CONSIDERATIONS

Having regard to the residential zoning objective for the area and the pattern of development in the area, it is considered that, subject to compliance with conditions below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would not be prejudicial to public health and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

### CONDITIONS

1. The development shall be carried out in accordance with the plans and particulars lodged with the application except as may otherwise be required in order to comply with the following conditions.

**Reason:** In the interest of clarity.

2. The external finishes of the proposed extension (including roof tiles/slates) shall be the same as those of the existing dwelling in respect of colour and texture.

**Reason:** In the interest of visual amenity.

3. The two no. rooflights serving the new bedroom in the attic conversion shall be fitted with obscure glazing.

**Reason:** To prevent overlooking of the private open space to the rear of the adjacent properties.

4. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

5. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000 that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
