## Board Direction

---

Ref: **PL08.246164**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 26<sup>th</sup> April 2016.

The Board treated this case under section 48 of the Planning and Development Act, 2000, as amended. Generally in accordance with the recommendation of the Inspector, the Board decided that the planning authority be directed to attach condition 2.

### REASONS AND CONSIDERATIONS

The Kerry County Council Development Contribution Scheme 2011 requires the payment of financial contributions in respect of the retention of telecommunications masts. The Scheme does not provide any waivers or reductions for cases in which a previous financial contribution was paid in respect of a previous time-limited planning permission for the same development on the same site, and provides that reductions will not apply to retention applications. Having regard to the nature of the development, and to the terms of this Scheme, it is considered that the provisions of the Scheme were properly applied in this instance.
