

## Board Direction

---

**Ref: 27.246219**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 20<sup>th</sup>, June 2016.

The Board decided to grant permission for site development works generally in accordance with the Inspector's recommendation, for the reasons and considerations (1) and subject to the conditions (1) and to grant outline permission for 6 houses for the reasons and considerations (2) and subject to the conditions (2), as set out below.

### **REASONS AND CONSIDERATIONS (1)**

Having regard to the nature and scale of the proposed development and to the existing character and pattern of development in the vicinity of the site, it is considered that the proposed development would not seriously injure the amenities of neighbouring property or of property in the general vicinity of the site, would be acceptable in terms of traffic safety and convenience and would be in accordance with the proper planning and sustainable development of the area.

### **CONDITIONS (1)**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application on the 05<sup>th</sup> day of August 2015 and as amended by the plans submitted on the 09<sup>th</sup> day of November 2015 and the 07<sup>th</sup> day of January 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require points of detail to be agreed with the planning authority, these matters shall be the subject of written agreement and shall be implemented in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. Upgrading works to the vehicular access and laneway serving the site shall take place prior to the construction of any dwellings on the site.

**Reason:** In the interests of orderly development.

3. The areas of public open space shown on the lodged plans shall be reserved for such use and shall be levelled, contoured, soiled, seeded, and landscaped in accordance with the detailed requirements of the planning authority. This work shall be completed before any of the dwellings to be constructed on the site are made available for occupation and shall be maintained as public open space by the developer until taken in charge by the local authority.

**Reason:** In order to ensure the satisfactory development of the public open space areas, and their continued use for this purpose.

4. Site development and building works shall be carried out only between the hours of 08.00 to 19.00 Mondays to Fridays inclusive, between 08.00 to 14.00 on Saturdays and not at all on Sundays or public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

5. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the "Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects", published by the Department of the Environment, Heritage and Local Government in July, 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

**Reason:** In the interests of sustainable waste management.

6. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

**Reason:** In the interests of public safety and residential amenity.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

8. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion of roads, footpaths, watermains, drains, open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

**Reason:** To ensure the satisfactory completion of the development.

## **REASONS AND CONSIDERATIONS (2)**

Having regard to the nature and scale of the proposed development and to the existing character and pattern of development in the vicinity of the site, it is considered that the proposed development would not seriously injure the amenities of neighbouring property or of property in the general vicinity of the site, would be acceptable in terms of traffic safety and convenience and would be in accordance with the proper planning and sustainable development of the area.

## CONDITIONS (2)

1. Std P and P (Outline) and Reason
- 2 Upgrading works to the vehicular access and laneway serving the site shall take place prior to the construction of any dwellings on the site.

**Reason:** In the interests of orderly development.

3. At the permission consequent on an outline stage, full details of the proposed development shall be supplied and shall include and comply with the following...

- a) The ridge height of the dwelling shall not exceed 7.5m.
- b) Full details of finished floor levels and grounds levels of individual sites including measures to ensure slope stability.
- c) Full details of external finishes.
- d) Full details of boundary treatment for individual dwellings.
- e) The estate road shall be widened along the edge of Plot 3 to allow for two way traffic movements on the curved section of the road.

**Reason:** In the interests of orderly development.

4. Public lighting shall be provided in accordance with a scheme, which shall include lighting along pedestrian routes through open spaces details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.

**Reason:** In the interests of amenity and public safety.

5. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interests of visual and residential amenity.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services and no surface water from the proposed development/site shall be allowed to discharge onto adjoining properties or the public road.

**Reason:** In the interest of public health

7. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of social housing in accordance with the requirements of section 96 of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 97(7) applies) may be referred by the planning authority or any other prospective party to the agreement to the Board for determination.

**Reason:** To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan for the area.

8. The areas of public open space shown on the lodged plans shall be reserved for such use and shall be levelled, contoured, soiled, seeded, and landscaped in accordance with the detailed requirements of the planning authority. This work shall be completed before any of the dwellings are made available for occupation and shall be maintained as public open space by the developer until taken in charge by the local authority.

**Reason:** In order to ensure the satisfactory development of the public open space areas, and their continued use for this purpose.

9. Site development and building works shall be carried out only between the hours of 08.00 to 19.00 Mondays to Fridays inclusive, between 08.00 to 14.00 on Saturdays and not at all on Sundays or public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

10. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to the commencement of development at permission consequent on this outline permission. This plan shall be prepared in accordance with the "Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects", published by the Department of the Environment, Heritage and Local Government in July, 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

**Reason:** In the interests of sustainable waste management.

11. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

**Reason:** In the interests of public safety and residential amenity.

12. Std. S. 48 OUTLINE (unspecified)

13. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion of roads, footpaths, watermains, drains, open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

**Reason:** To ensure the satisfactory completion of the development.
