

## Board Direction

---

**Ref:PL09.246696**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 6<sup>th</sup> October 2016.

The Board completed a screening exercise, taking into account the screening report submitted with the application and the Inspector's report and submissions on file, in relation to potential impacts of the site having regard to the nature and scale of the proposed development and characteristics of the Rye Water Valley/ Carton SAC site code 001398. No Appropriate Assessment issues arise and the Board concluded on the basis of the information available that the application for consent for proposed development, either individually or in combination with other plans or projects would not be likely to have a significant effect on the European site and in particular specific site number **001398, Rye Water Valley/Carton SAC.**

The Board decided to grant permission generally in accordance with the Inspector's recommendation, subject to the amendments shown in manuscript on the attached copy of the Inspector's draft reasons, considerations and conditions.
