

## Board Direction PL91.246703

The submissions on this file and the Inspector's report were considered at a Board meeting held on September 19<sup>th</sup> 2016.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

## **Reasons and Considerations**

Having regard to the provisions of the Limerick County Development Plan 2010-2016 and of the Rathkeale Local Area Plan 2012-2018, to the nature and scale of the subject development and to the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the development for which retention is sought would not seriously injure the amenities of the area, or of the property in the vicinity, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

## **Conditions**

1. The development shall be retained in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions.

Reason: In the interest of clarity.

2. The rear boundary wall of the site shall be raised in height and constructed in matching materials to align with the height of boundary walls to the north west and south east of the subject site. This work shall be carried out within six months of the date of this permission.

**Reason:** In the interest of the visual amenities of the area.

3. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance

with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid within six months of the date of this order or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
