

Board Direction

Ref: 06D.246734

The submissions on this file and the Inspector's report were considered at a Board meeting held on 16th, September 2016.

The Board decided (by a majority of 2 : 1) to grant permission generally in accordance with the Inspector's recommendation, for the reasons and considerations and subject to the conditions as set out below.

Reasons and Considerations

Having regard to the provisions of the Dun Laoghaire Rathdown County Development Plan 2016-2022 and to the nature, form, scale and design of the proposed development, and having regard to the pattern of development in the vicinity of the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area, and would be satisfactory in regards to traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application and as amended by the further plans and particulars received on the 21st day of April 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the

development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The external wall and roof finishes shall match those of the housing development permitted under PL06D.241014.

Reason: In the interest of visual amenity.

3. All windows identified on the submitted plans as featuring obscured glazed should be fitted with such and retained with such glazing unless authorised by a future grant of permission for normal glazing.

Reason: In the interests of residential amenity.

4. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services and no surface water from the proposed development/site shall be allowed to discharge onto adjoining properties or the public road.

Reason: In the interest of public health.

5. The site and building works required to implement the development shall be carried out only between the hours of 08.00 to 18.00 Monday to Fridays, between 08.00 to 14.00 on Saturdays and not at all on Sundays and Public Holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of adjoining residential occupiers.

6. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of social and affordable housing in accordance with the requirements of section 96 of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 97(7) applies) may be referred by the planning authority or any other prospective party to the agreement to the Board for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan for the area.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
