

## Board Direction

---

**Ref: 29N.246959**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 18<sup>th</sup>, October 2016.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the reasons and considerations and subject to the conditions as set out below.

### REASONS AND CONSIDERATIONS

Having regard to the zoning objectives for the area and the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would be in accordance with the proper planning and sustainable development of the area.

### CONDITIONS

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The proposed development shall be amended as follows:
- (a) The widened vehicular access shall not exceed 3.6 metres in width.
  - (b) The parapet on the east elevation of the extension to the side of the property shall be omitted and the hipped roof shall extend over this area. There shall be no change in eaves level as a result of this condition and the hipped roof shall not oversail the site boundary.
  - (c) The parapet on the extension to the rear of the property shall be reduced in height to a maximum of 200 millimetres above roof level.

Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual and residential amenity.

3. Details of the materials, colours and textures of all external finishes to the proposed extension shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

4. Water supply and drainage arrangements including the attenuation and disposal of surface water shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

5. Site development and building works shall be carried out between the hours of 0800 and 1900 from Monday to Friday inclusive, between the hours of 0800 and 1400 on Saturdays and not at all on Sundays, Bank or Public Holidays. Deviation from these times shall be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of properties in the vicinity.

6. The existing trees on the public footpath to the front of the site shall not be removed, cut back or otherwise interfered with.

**Reason:** In the interest of visual amenity.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
