

## Board Direction

---

**Ref:PL27.247362**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 9<sup>th</sup> February 2017.

The Board decided to defer consideration of this case and to issue a Section 132 notice to the applicant regarding the following:

The Board may be of the opinion that the proposal should be amended to incorporate the original design including the four storey extension, to the main school building as originally lodged to the planning authority on the 18<sup>th</sup> December 2015, while incorporating the revised design and reduced ridge height to the PE hall building as lodged as further information to the planning authority on 5<sup>th</sup> August 2016.

You are invited to consider incorporating these changes in an amalgamated form and, should you see fit to adopt them, to lodge 3 sets of drawings to the Board incorporating these changes.

In the event that you decide to incorporate the above mentioned or any other revisions to your proposal, the Board may require that additional public notices will be provided to a wording which the board will advise to you on receipt of any response which you make to this notice.

(Allow 3 weeks)

Board Member: \_\_\_\_\_ Date: 9<sup>th</sup> February 2017.
