The submissions on this file and the Inspector's report were considered at a Board meeting held on 23 November, 2017.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the location of the site on residential zoned lands in the South Dublin County Development Plan 2016 – 2022, the Sustainable Residential Development in Urban Areas – Guidelines for Planning Authorities, issued by the Department of the Environment, Heritage and Local Government in May 2009, and to the design and layout of the proposed development, it is considered that subject to compliance with conditions set out below, the proposed development would not seriously injure the residential amenities of the area or of property in the vicinity. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted the 12th April 2017, except as may otherwise be required in order to comply with the following conditions.
Where such conditions require details to be agreed in writing with the

planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with the planning authority prior to commencement of development. Roof colour shall be blue black or slate grey in colour only, and ridge tiles shall be the same colour as the roof.

Reason: In the interest of visual amenity.

3. Footpath reinstatement and public lighting shall comply with the detailed standards of the planning authority for such works.

Reason: In the interest of orderly development

4. Prior to commencement of development, details of the following shall be submitted to, and agreed in writing with the planning authority:
 - (i) A hard landscaping plan with delineation and specification of site boundary details including the external finishes.
 - (ii) A soft landscaping plan incorporating native/indigenous species.

Reason: In the interest of visual amenity.

5. (i) The existing boundary along the western boundary of the site with existing houses no. 4 to 8 Ballyroan Court shall be retained and repaired where required.

(ii) Rear garden boundaries to the proposed houses shall consist of block walls 1.8 m in height, rendered on both sides and capped

Reason: In the interest of visual and residential amenity.

6. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of

development. This plan shall provide details of intended construction practice for the development, including noise management measures, measures to ensure the safe removal, handling and disposal of asbestos and any other hazardous waste and off-site disposal of other construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

- 7 Water supply and drainage arrangements, including attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

- 8 A plan containing details for the management of waste (and, in particular, recyclable materials) within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

Reason: In the interest of residential amenity, and to ensure the provision of adequate refuse storage.

- 9 All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground within the site. Ducting shall be provided by the developer to facilitate the provisions of broadband infrastructure within the proposed development.

Reason: In the interest of visual and residential amenity.

10. Construction Hours 8am-7pm M-F, 8am -2pm Sat

11. Naming

12. Security 1

13. The developer shall pay to the planning authority a financial contribution respect of public infrastructure and facilities benefitting

development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developers or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
