Board Direction
PL11.248630

The submissions on this file and the Inspector's report were considered at a Board meeting held on 18th October 2017.

The Board treated this case under section 48 of the Planning and Development Act, 2000, as amended. The Board also decided that the planning authority be directed, as follows:

Remove condition No 6

Reasons and Considerations,

The proposed development is for the continuance of use of an existing telecommunications mast and mobile phone infrastructure. Having regard to the parent permission granted under planning register reference number 11/422 which included a condition for a financial contribution under the Development Contribution Scheme and which was complied with by the applicant, it is considered that the appropriate contribution has been paid in respect of this development and it would be an unreasonable interpretation of the Development Contribution Scheme to require a further contribution in these circumstances.

Board Member
