The submissions on this file and the Inspector's report were considered at a Board meeting held on 26th September, 2017.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the scale and proportions of the proposed extension relative to the existing dwelling on site, the area of the site and the established character and pattern of development in the vicinity of the site, including the separation distance from adjoining dwellings and the existing boundary treatment between these dwellings, it is considered that, subject to compliance with the conditions set out below, the proposed extension would not seriously injure the amenities of the neighbouring dwellings by reason of overshadowing or overlooking or the visual amenities of the area, and will be in keeping with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. EXTFINISHES

3. All necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay rubble or other debris on adjoining roads during the course of the works.

Reason: In the interest of residential amenity.

4. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
