The submissions on this file and the Inspector's report were considered at a Board meeting held on December 5th 2017.

The Board treated this case under section 48 of the Planning and Development Act, 2000, as amended. The Board also decided that the planning authority be directed to attach condition no. 11, and the reason therefor, for the following reasons and considerations:

Reasons and Considerations

Having regard to the Tipperary County Council Development Contribution Scheme 2015 – 2019, and the information provided as part of the application and appeal, it is considered that there are no exemptions, reductions or waivers within the Scheme that would apply to the circumstances of this case, and that the development contributions required under condition 11 of this permission are payable in respect of the subject development. It is therefore considered that the terms of the Scheme have been properly applied in this instance.
