Board Direction
BD-000388-18
ABP-300398-17

At a meeting held on 30/05/2018, the Board considered the documents on file and the report of the Inspector.

The Board decided that the proposed development does comprise Strategic Infrastructure Development, generally in accordance with the inspector's recommendation.

Note: the Board also agreed with the Inspector's conclusion in section 8.2 of her report, meaning a planning application for the solar farm and battery storage should be made to Kildare County Council in the first instance.

The list of recommended statutory consultees is agreed (check that CER is still correct title for the organisation).
