ABP-300936-18

The submissions on this file and the Inspector's report were considered at a Board meeting held on 26/10/2018.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the provisions of the County Louth Development Plan 2015 to 2021, the zoning objective for the site, the pattern of development in the area, and to the density, nature and scale of the proposed development, it is considered that subject to compliance with the following conditions, the proposed development would not seriously injure the amenities of the area or of property in the vicinity or give rise to a traffic hazard. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application as amended by the further information received by the planning authority on 1st day of December 2017, except as may otherwise be required in order to comply with the following

conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. The developer shall provide a children's play area within the central public open space area, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of residential amenity.

4. The site shall be landscaped in accordance with a comprehensive scheme of landscaping, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This scheme shall include the following:

(a) A plan to scale of not less than [1:500] showing: -

1. The species, variety, number, size and locations of all proposed trees and shrubs which shall comprise predominantly native species such as mountain ash, birch, willow, sycamore, pine, oak, hawthorn, holly, hazel, beech or alder but not include prunus species.
2. Details of screen planting which shall not include cupressocyparis x leylandii.
3. Details of roadside/street planting which shall not include prunus species.
4. Hard landscaping works, specifying surfacing materials, furniture, children's play equipment and finished levels.

(b) Specifications for mounding, levelling, cultivation and other operations associated with plant and grass establishment

(c) A timescale for implementation including details of phasing.

All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development or until the development is taken in charge by the local authority, whichever is the sooner, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

Reason: In the interest of residential and visual amenity.

5. The hammerhead in the north-eastern end of the site shall be extended to the meet with eastern site boundary and the front gardens of House Nos 28 and 29 amended accordingly. Revised plans illustrating this amendment shall be submitted to the planning authority for written agreement prior to the commencement of development.

Reason: To allow for potential future permeability.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements the planning authority for such works and services as appropriate.

Reason: In the interest of public health and to ensure a proper standard of development.

7. In relation to surface water drainage, the developer shall submit the following details to be agreed in writing with the planning authority prior to commencement of development:

- a. A layout plan of the surface water system through the remainder of the adjoining Clonmore development to a point where it connects to the public sewer system or surface water outlet.

- b. Details in relation to pipe sizes, falls, cover and invert levels along with calculations demonstrating sufficient capacity to cater for the proposed development.
- c. A CCTV survey of this system to the point of discharge to the public sewer, and the applicant shall rectify any blockages and upgrade any sections which do not have capacity to cater for the proposed development.

Reason: In the interest of public health and to ensure a proper standard of development.

8. The internal road network serving the proposed development including turning bays, junctions, parking areas, footpaths and kerbs shall comply with the detailed standards of the planning authority for such road works.

Reason: In the interest of amenity and of traffic and pedestrian safety.

9. Public lighting shall be provided in accordance with a scheme, which shall include lighting along pedestrian routes through open space, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.

Reason: In the interests of amenity and public safety.

10. Proposals for an estate name, house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house numbers, shall be provided in accordance with the agreed scheme. The name shall be based on local historical or topographical features, or other alternatives acceptable to the planning authority.

Reason: In the interest of urban legibility and to ensure the use of locally appropriate place names for new residential areas.

11. The site development and construction works shall be carried out such a manner as to ensure that the adjoining streets are kept clear of debris, soil

and other material and cleaning works shall be carried on the adjoining public roads by the developer and at the developer's expense on a daily basis.

Reason: To protect the residential amenities of property in the vicinity.

12. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

13. Site development and building works shall be carried out only between the hours of 0800 to 1900 hours Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. No construction deliveries shall take place before 1000 hours Mondays to Fridays inclusive, and not at all on Saturdays, Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: To safeguard the residential amenities of property in the vicinity.

14. The developer shall facilitate the archaeological appraisal of the site and shall provide for the preservation, recording and protection of archaeological materials or features which may exist within the site.

In this regard, the developer shall:

- (a) notify the planning authority in writing at least four weeks prior to the commencement of any site operation (including hydrological and geotechnical investigations) relating to the proposed development, and
- (b) employ a suitably-qualified archaeologist prior to the commencement of development. The archaeologist shall assess the site and monitor all site development works.

The assessment shall address the following issues:

- (i) the nature and location of archaeological material on the site, and

- (ii) the impact of the proposed development on such archaeological material.

A report, containing the results of the assessment, shall be submitted to the planning authority and, arising from this assessment, the developer shall agree in writing with the planning authority details regarding any further archaeological requirements (including, if necessary, archaeological excavation) prior to commencement of construction works.

In default of agreement on any of these requirements, the matter shall be referred to An Bord Pleanála for determination.

Reason: In order to conserve the archaeological heritage of the area and to secure the preservation (in-situ or by record) and protection of any archaeological remains that may exist within the site.

15. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

16. S 48 unspecified

17. Standard security

Board Member

Date: 31/10/2018

Terry Prendergast

Note: The Board decided not to include the Inspector's recommended Condition No. 5 as it considered that the amenities of the adjoining property to House No 28 were adequately protected by the boundary treatment proposed and agreed with the planning authority on the importance of not restricting the potential for permeability.
