The submissions on this file and the Inspector's report were considered at a Board meeting held on 1st October 2018.

The Board determined, generally in accordance with the inspector's recommendation, that, based on the information before it, the site is not a vacant site within the meaning of the Urban Regeneration and Housing Act, 2015, for the following reasons and considerations.

Reasons and Considerations

Having regard to:

- (a) The information submitted to the Board by the Planning Authority in relation to the entry of the site on the Vacant Sites Register.
- (b) The grounds of appeal submitted by the appellant.
- (c) The report of the Inspector.
- (d) The evidence outlined in relation to the unsuitability of the site for the provision of housing by reason of access,
- (e) That while the site is being used for a purpose that does not consist solely or primarily of the provision of housing or the development of the site for the purpose of such provision, the most recent purchase of the site occurred prior to its becoming residential land, and before, on or after the commencement of section 63 of the Planning and Development (Amendment) Act 2018, and

the Board considers that it is appropriate that a notice be issued to the Planning Authority to cancel the entry on the Vacant Sites Register.
