**ABP-301216-18**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 16/11/2018.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the location of the site within an area designated as a Stronger Rural Area and a Rural General Amenity Area in the current Kerry County Development Plan 2015-2021 and to the rural generated housing need of the applicants for a house at this location, it is considered that subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would be acceptable in terms of traffic safety and convenience and would not be prejudicial to public health. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning

authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity

2. (a) The external wall finishes of the proposed dwelling house shall have a neutral coloured nap plaster render, using colours such as grey or off-white.

(b) The roof colour of the proposed dwelling house shall be blue black or slate grey using tiles or slates. The colour of the ridge tiles shall match the colour of the roof.

(c) White uPVC shall not be used for windows, external doors and rainwater goods.

(d) The finished floor level shall be as shown on the submitted drawings.

**Reason:** In the interest of visual amenity

3. All public service cables for the development, including electrical and telecommunications cables, shall be located underground throughout the site.

**Reason:** In the interest of visual amenity.

4. (a) The proposed septic tank drainage system shall be in accordance with the standards set out in the document entitled "Code of Practice-Wastewater Treatment and Disposal Systems Serving Single Houses (p.e.< 10) – Environmental Protection Agency, 2009". Arrangements in relation to the ongoing maintenance of the system shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

(b) Treated effluent from the septic tank system shall be discharged to a raised percolation area which shall be provided in accordance with the standards set out in the document entitled "Code of Practice-Wastewater

Treatment and Disposal Systems Serving Single Houses (p.e.< 10) – Environmental Protection Agency, 2009”.

(c) Within three months of the first occupation of the dwelling, the developer shall submit a report from a suitably qualified person with professional indemnity insurance certifying that the raised percolation area is constructed in accordance with the standards set out in the EPA document.

**Reason:** In the interest of public health.

5. (a) All surface water generated within the site boundaries shall be collected and disposed of within the curtilage of the site. No surface water from roofs, paved areas or otherwise shall discharge onto the public road or adjoining properties.

(b) The access driveway to the proposed development shall be provided with adequately sized pipes or ducts to ensure that no interference will be caused to existing roadside drainage.

**Reason:** In the interest of traffic safety and to prevent pollution.

6. The water supply to serve the proposed dwelling shall have sufficient yield to serve the proposed development, and the water quality shall be suitable for human consumption. Details demonstrating compliance with these requirements, shall be submitted to, and agreed in writing with, the planning authority prior to commencement of the development.

**Reason:** to ensure that adequate water is provided to serve the proposed dwelling, in the interest of public health.

7. The site shall be landscaped, using only indigenous deciduous plants and hedging species, in accordance with details which shall be submitted to, and agreed in writing with, the planning authority prior to the commencement of development. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development, shall be replaced within the next planting season with others of similar size and species, unless otherwise

agreed in writing with the planning authority.

**Reason:** In order to screen the development and assimilate it into the surrounding rural landscape, in the interest of visual amenity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefitting development in the area of the planning authority that is provided or intended to be provided on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under Section 48 of the Planning and Development Act, 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under Section 48 of the Act be applied to the permission.

**Board Member**

**Date:** 16/11/2018
