At a meeting held on 02/08/2018, the Board considered the documents and submissions on file generally and the report of the Inspector.

The Board was satisfied that consultations can be considered complete.

Note: please advise the prospective applicant that when making the application, it should be accompanied by drawings that facilitate examination of the scheme. A set of A3 drawings solely would not be adequate: a larger scale sheet is preferable. If possible a continuous view of the overall route (on one or more sheets/ panels) would be useful.
