Board Direction
BD-005367-20
ABP-301511-18

At a meeting held on 11/03/2020, the Board considered the report of the Planning Inspector, as well as the documents and submissions on file, in relation to the proposed development of a 110kV substation and grid connection at Clyde House, Blanchardstown Business and Technology Park, Dublin 15.

The Board determined, in accordance with the inspector's reasoning and recommendation that the proposed development of the 110kV substation, and grid connection, as set out in the plans and particulars received by An Bord Pleanála on the 27th of April 2018 and the 4th day of February 2020, falls within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made directly to the Board.
