### **Reasons and Considerations**

Having regard to the town centre location of the proposed development and the mixed-use zoning objective relating to the site, it is considered that, subject to compliance with the conditions set out below, the proposed change of use from retail to café/take-away would not result in an overconcentration of such uses on Barrack Street, would not be prejudicial to public health and would add to the vitality and vibrancy of the town centre. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

**Reason:** In the interest of visual amenity.

curtilage of the site unless authorised by a further grant of planning permission.

**Reason:** To protect the visual amenities of the area.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

7. A plan containing details for the management of waste (and in particular recyclable materials) within the development, including the provision of a facilities for the storage, separation and collection of waste and, in particular recycle materials and for the ongoing operation of these facilities within the café/take-away shall be submitted to and agreed in writing with the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

**Reason:** To provide for the appropriate management of waste and in particular recyclable materials in the interest of protecting the environment.

8. The developer shall control odour emissions from the premises in accordance with measures including extract duct details which shall be submitted to and agreed in writing with the planning authority prior to the commencement of development.
