Board Direction
BD-000720-18
ABP-301694-18

At a meeting held on 18/07/2018, the Board considered

- (a) the report of the Inspector, and
- (b) the documents on file generally, and
- (c) the planning history (parent permission) under file ref PA0043

The Board decided not to invite submissions from the general public as to whether the proposed amendment and alterations were material alterations.

The Board decided, in accordance with the recommendation of the reporting inspector, that the proposed alterations were not material.

The Board decided to make the proposed alterations, in accordance with the following reasons and considerations.

Having regard to

- the nature and scale of the 'satellite centre' development permitted under ABP reference PA0043 for this site, including ancillary parking and services,
- the examination of environmental impact including in relation to Natura 2000 sites carried out in the course of that application,
- the nature of the proposed alterations, which are considered minor in the context of the satellite centre development,
- the location of the alterations now proposed, which are all contained within the hospital campus, and in the general vicinity of the approved works,
- the absence of any significant new or additional environmental concerns (including in relation to Natura 2000 sites) arising as a result of the proposed alterations,
- the report and of the Board's inspector, which is adopted,

it is considered that the proposed alterations would not be material. In accordance with section 146B(3)(a) of the Planning & Development Act, the Board hereby makes the said alterations.
