ABP-302045-18

The submissions on this file and the Inspector's report were considered at a further Board meeting on 09/11/2018.

The Board decided, generally in accordance with the Inspector's recommendation, and for the following reasons and considerations, that the proposed development is not likely to have significant effects on the environment.

Reasons and Considerations

Having regard to:

1. the criteria set out in Schedule 7 of the Planning and Development Regulations, 2001, as amended, and the limited nature and scale of the proposed upgrade of a carpark and its potential for impacts on the environment
2. the results of the assessment of the effects on the environment submitted by the local authority,
3. the features and measures envisaged to avoid or prevent what might otherwise have been significant effects on the environment, in particular the treatment of surface water and landscape,
4. the Inspector's report,

it is considered that the proposed development would not be likely to have significant effects on the environment.
