ABP-302430-18

The submissions on this file and the Inspector's report were considered at a Board meeting held on 26/04/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the location of the site within the development boundary for Innishannon and to the specific objective as set out in the Bandon Kinsale Municipal District Local Area Plan 2017 to encourage the development of up to 150 additional dwelling units within the development boundary during the plan period, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual or residential amenities of the area, would not adversely impact on the rural character of the village and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application as amended by the further plans and particulars submitted to the planning authority on the 22nd day of May 2018 and 12th day of July 2018, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The period during which the development hereby permitted may be carried out shall be 5 years from the date of this order.

Reason: Having regard to the nature of the development, the Board does not consider it appropriate to specify a period of validity of this permission in excess of five years.

3. The proposed development shall be amended as follows:-

- (a) The first floor ensuite in the Part V units shall be omitted and the resultant floorspace shall be incorporated into the adjoining bedrooms.

Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of the residential amenity.

4. The development shall be carried out on a phased basis, in accordance with a phasing scheme which shall be submitted to and agreed in writing with the planning authority prior to the commencement of any development.

Reason: To ensure the timely provision of services, for the benefit of occupants of the proposed dwellings.

5. Prior to the commencement of development, the developer shall enter into water and wastewater connection agreements with Irish Water. No dwelling shall be made available for sale until water and sewerage services serving the development have been installed and are functioning in accordance with the connection agreements made with Irish Water.

Reason: To ensure that satisfactory water and wastewater arrangements are in place to serve the development.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

7. Details of the materials, colours and textures of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

8. The internal road network serving the proposed development, including turning bays, junctions, parking areas, footpaths and kerbs shall comply with the details standards of the planning authority for such road works.

Reason: In the interest of amenity and of traffic and pedestrian safety.

9. The existing front boundary wall shall be retained except to the extent that its removal is necessary to provide for the entrance to the site including the required sightlines and the road markings shall be carried out in accordance with detailed standards of the planning authority for such works prior to the occupation of any dwelling. No vegetation or structure shall exceed 1 metre in height within the sight distance triangle.

Reason: In the interest of road and public safety and visual amenity.

10. A minimum of two parking spaces shall be provided and maintained within the curtilage of each dwelling unit.

Reason: To ensure adequate off-street parking provision is available to serve the proposed development.

11. Public lighting shall be provided in accordance with a scheme, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.

Reason: In the interest of amenity and public safety.

12. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interest of visual and residential amenity.

13.
 - (a) All screen walls and boundary walls within the proposed development shall be constructed and finished in accordance with the details submitted to the planning authority on the 22nd May 2018.
 - (b) Details of the location, design and construction method of any retaining walls, including those between plots, shall be submitted to the planning authority for written agreement prior to commencement of development.

Reason: In the interest of visual amenity and public safety.

14. Proposals for an estate/street name, housing numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).

Reason: In the interest of urban legibility and to ensure the use of locally appropriate place names for new residential areas.

15. The areas of public open space shown on the lodged plans shall be reserved for such use. These areas shall be soiled, seeded, and landscaped in accordance with the landscaping scheme submitted to the

planning authority on the 22nd day of May 2018. This work shall be completed before any of the dwellings are made available for occupation and shall be maintained as public open space by the developer until taken in charge by the local authority.

Reason: In order to ensure the satisfactory development of the public open space areas, and their continued use for this purpose.

16. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of social and affordable housing in accordance with the requirements of section 96 of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 97(7) applies) may be referred by the planning authority or any other prospective party to the agreement to the Board for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan for the area.

17. A plan containing details for the management of waste (and in particular, recyclable materials) within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials within each house plot shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

Reason: To provide for the appropriate management of waste and, in particular recyclable materials, in the interest of protecting the environment.

18. Site development and building works shall be carried out only between the

hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays.

Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

19. The construction of the development shall be managed in accordance with a Construction and Environmental Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, a traffic management plan, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

20. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To ensure the satisfactory completion and maintenance of the development until taken in charge.

21. The developer shall pay to the planning authority a financial contribution as a special contribution under section 48(2) (c) of the Planning and

Development Act 2000 in respect of the provision of a new footpath, drainage and public lighting. The amount of the contribution shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board for determination. The contribution shall be paid prior to the commencement of the development or in such phased payments as the planning authority may facilitate and shall be updated at the time of payment in accordance with changes in the Wholesale Price Index – Building and Construction (Capital Goods), published by the Central Statistics Office.

Reason: It is considered reasonable that the developer should contribute towards the specific exceptional costs which are incurred by the planning authority which are not covered in the Development Contribution Scheme and which will benefit the proposed development.

22. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
