The submissions on this file and the Inspector's report were considered at a Board meeting held on 11/01/2019.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

The site of the proposed development is located within an "Area Under Strong Urban Influence" as set out in the "Sustainable Rural Housing Guidelines for Planning Authorities" issued by the Department of the Environment, Heritage and Local Government in April, 2005. Furthermore, the subject site is located in an area that is under urban influence, where it is national policy, as set out in National Policy Objective 19 of the National Planning Framework, to facilitate the provision of single housing in the countryside based on the core consideration of demonstrable economic or social need to live in a rural area. Having regard to the documentation submitted with the application and appeal, the Board is not satisfied that the applicant has a demonstrable economic or social need to live in this rural area. It is considered, therefore, that the applicant does not come within the scope of the housing need criteria as set out in the Guidelines and in national policy for a house at this location. The proposed development, because of its location constitutes inappropriate, uncoordinated and piecemeal backland development. The proposed development would, therefore, be contrary to the Ministerial Guidelines and to the

over-arching national policy, notwithstanding the provisions of the current Wexford Development Plan, and would, be contrary to the proper planning and sustainable development of the area.
