Reasons and Considerations

Having regard to the planning history, nature, scale and pattern of development and subject to compliance with conditions, it is considered that the proposed development would not seriously injure the residential amenities of the adjoining properties and would therefore be in accordance with the proper planning and sustainable development of the area.

In deciding not to accept the Inspector's recommendation to refuse permission, the Board concurred with the view of the public authority, and considered that given the location within a residential area, the form of the proposed development and the topography of the site that the proposed development would not seriously injure the amenities of the neighbouring properties by way of overlooking and overbearing.
