ABP-302785-18

The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/12/2018.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the zone A zoning objective for the site provided for the Dún Laoghaire Rathdown County Development Plan, 2016-2022 and pattern of development in the area, together with the design, scale and layout, it is considered that, subject to compliance with the conditions set out below, the proposed extension would not seriously injure the visual amenities of the area or the residential amenities of property in the vicinity. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be

carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The bay window to proposed Bedroom 1 shall be omitted and replaced with a non-projecting window.

Reason: In the interests of residential amenity.

3. Prior to commencement of development, a revised front elevation drawing showing the proposed side gate within the brick façade shall be submitted to and agreed with the Planning Authority.

Reason: In the interests of clarity.

4. The external finishes of the proposed extension shall harmonise with those of the existing dwelling in respect of colour and texture.

Reason: In the interest of visual amenity.

5. The existing dwelling and proposed extension shall be jointly occupied as a single residential unit and the extension shall not be sold, let or otherwise transferred or conveyed, save as part of the dwelling.

Reason: To restrict the use of the extension in the interest of residential amenity.

6. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

7. The vehicular access, including width, footpath, grass verge, kerbing and drainage shall comply with the detailed standards of the planning authority for such road works.

Reason: In the interests of amenity and of traffic and pedestrian safety.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the

Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
