The submissions on this file and the Inspector's report were considered at a Board meeting held on 25/03/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the zoning objective for the site as set out in the Dun Laoghaire Rathdown County Council, 2016 – 2022, the National Planning Framework, 2018 – 2040, the Sustainable Residential Development in Urban Areas – Guidelines for Planning Authorities (2009), Urban Development and Building Heights, Guidelines for Planning Authorities, 2018, and the overall scale, design and height of the proposed development it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual or residential amenities of the area or of property in the vicinity, and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, and as amended by plans and submitted to Dun Laoghaire Rathdown County Council on 20th July 2018 and on the 19th September 2018, and except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The terms and conditions as detailed in the submitted Derogation Licence (Licence no. DER/BAT 2018-79) and submitted Licence to Capture Protected Wild Animals for Education, Scientific or other purposes (Licence No. C0191/2018) shall be carried out in Consultation with the NPWS.

Reason: In order to protect and promote the ecological network of the site and to comply with Policy LHB24 of the 2016 – 2022 Dun Laoghaire Rathdown County Development Plan.

3. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

4. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and to ensure a proper standard of development.

5. That all necessary measures be taken by the contractor to prevent spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works.

Reason: To protect the amenities of the area.

6. Proposals for an apartment numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house/apartment numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the names of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed names.

Reason: In the interest of urban legibility.

7. The applicant shall ensure that the car parking spaces for the residential units must be sold off with the units and not sold separately, or let, to avoid non- take up by residents. The applicant shall also give an understanding in this respect, in writing, to be submitted to the Planning Authority.

Reason; In the interest of public safety and the proper planning and sustainable development of the area.

8. The internal road serving the proposed development, including turning bays, junctions, parking areas, footpaths and kerbs, shall comply with the detailed standards of the planning authority for such road works.

Reason: In the interest of amenity and of traffic and pedestrian safety.

9. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interests of visual and residential amenity.

10. Each proposed apartment unit shall be used as a single dwelling unit and shall not be subdivided in any manner or used as two or more separate habitable units.

Reason: To prevent unauthorised development.

11. The applicant shall ensure that the area of land between the existing Sandyford Road and the required set back proposed low boundary retaining wall with railing along Sandyford Road shall be, reserved free of development and constructed accordingly at the Applicant's own expense.

Reason: In the interest of protecting the future deliverability of the proposed future road improvement scheme of Blackglenn Road / Harold's Grange Road / Sandyford Road.

12. The applicant shall ensure that proposed no. 9 visitor car parking spaces are designated by distreet signage.

Reason: In the interest of proper planning and the sustainable development of the area.

13. The proposed layout shall be in accordance with Drawing No. PI03 submitted by way of further information with the internal road continuing up to the southern boundary of the site and no ransom strips remaining.

Reason: In the interest of clarity and to provide future potential accessibility to adjoining site.

14. Prior to the commencement of development the applicant shall fully implement the proposals as set out in the 'Outline Construction Management and Biodiversity Plan', submitted to the Local Authority on the 20th July 2018, to remove and dispose of the invasive species on site. Full details, including timing, shall be submitted in writing to the Local Authority for agreement.

Reason: To ensure invasive species which can damage buildings of other built structures and harm biodiversity, is properly and safely disposed of.

15. The developer shall facilitate the preservation, recording and protection of archaeological materials or features that may exist within the site. In this regard, the developer shall - (a) notify the planning authority in writing at least four weeks prior to the commencement of any site operation (including hydrological and geotechnical investigations) relating to the proposed development, (b) employ a suitably-qualified archaeologist who shall monitor all site investigations and other excavation works, and (c) provide arrangements, acceptable to the planning authority, for the recording and for the removal of any archaeological material which the authority considers appropriate to remove. In default of agreement on

any of these requirements, the matter shall be referred to An Bord Pleanála for determination.

Reason: In order to conserve the archaeological heritage of the site and to secure the preservation and protection of any remains that may exist within the site.

16. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

17. Prior to the commencement of development the applicant shall submit full details of the proposed public lighting, including the lighting levels within open areas of the development for written agreement prior to the commencement of development.

Reason: In the interests of public safety and residential amenity.

18. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the “Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects”, published by the Department of the Environment, Heritage and Local Government in July 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery

and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

Reason: In the interest of sustainable waste management

19. The landscaping scheme shown on drg no. 17386-1-100, as submitted to the planning authority on the 19th day of September, 2018 shall be carried out within the first planting season following substantial completion of external construction works.

Reason: In the interests of residential and visual amenity.

20. (a) Prior to commencement of development, all trees, groups of trees, hedging and shrubs which are to be retained shall be enclosed within stout fences not less than 1.5 metres in height. This protective fencing shall enclose an area covered by the crown spread of the branches, or at minimum a radius of 2 metres from the trunk of the tree or the centre of the shrub, and to a distance of 2 metres on each side of the hedge for its full length, and shall be maintained until the development has been completed.

(b) No construction equipment, machinery or materials shall be brought onto the site for the purpose of the development until all the trees which are to be retained have been protected by this fencing. No works shall be carried out within the area enclosed by the fencing and, in particular, there shall be no parking of vehicles, placing of site huts, storage compounds or topsoil heaps, storage of oil, chemicals or other substances, and no lighting of fires, over the root spread of any tree to be retained.

Reason: To protect trees and planting during the construction period in the interest of visual amenity.

21. Prior to the commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company or such other security as may be accepted in writing by the planning authority, to secure the protection of the trees on site and to make good any damage caused during the construction period, coupled with an agreement empowering the planning authority to apply such security, or part thereof, to the satisfactory protection of any tree or trees on the site or the replacement of any such trees which die, are removed or become seriously damaged or diseased within a period of 3 years from the substantial completion of the development with others of similar size and species. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To secure the protection of the fine trees on the site.

22. (a) The communal open spaces, including hard and soft landscaping, car parking areas and access ways, communal refuse/bin storage and all areas not intended to be taken in charge by the local authority, shall be maintained by a legally constituted management company

(b) Details of the management company contract, and drawings/particulars describing the parts of the development for which the company would have responsibility, shall be submitted to, and agreed in writing with, the planning authority before any of the residential units are made available for occupation.

Reason: To provide for the satisfactory future maintenance of this development in the interest of residential amenity.

23. Prior to the commencement of development the applicant shall submit, for the written agreement of the Planning Authority, further details of the proposed 'potential connection to Fitzsimons Wood' as detailed in the submitted Drawing No. PL03 (Level 0-Floor Plan).

Reason: In order to provide safe and convenient public access to FitzSimons Woods.

24. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

25. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of watermains, drains and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To ensure the satisfactory completion and maintenance of the development until taken in charge.

26. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Note : In deciding not to accept the inspectors recordation to finish the boundary screen for all balconies in obscure glazing the Board was satisfied having regard to the separation distances involved that the proposed balconies would not lead to overlooking or a perception of overlooking and would not injure the residential amenities of adjoining properties of or future occupants.
