At a meeting held on 10/01/2019, the Board considered the report of the Inspector, as well as the documents and submissions on file, in relation to the pre-application consultation as to whether the proposed development, consisting of the provision of thermal storage facility at Dublin Airport comes within the scope of strategic infrastructure development.

The Board determined that the proposed development does not comprise strategic infrastructure, in accordance with the inspector's reasoning and recommendation, and that a planning application should be made to Fingal County Council in the first instance.
