**ABP-303293-18**

At a meeting held on 28/06/2019, the Board considered the report of the Inspector, and the documents and submissions on file generally, and decided that the proposed development, consisting of a 21km 110kV cable connecting the permitted windfarm at Castlewaller, County Tipperary to the existing 220kV substation at Killonan, County Limerick, constitutes strategic infrastructure and comes within the scope of section 182A of the Planning and Development Act 2000, as amended.

The Board decided that an application should be made directly to the Board.
