The submissions on this file and the Inspector's report were considered at a Board meeting held on 13/02/2019.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

1. Having regard to the pattern of development in the area and the scale of development proposed, it is considered that the proposed extension, by reason of its scale, bulk, overly complex form and proximity to site boundaries, would seriously injure the residential amenities of adjoining properties by reason of its visually obtrusive design and overbearing nature. The proposed development would, therefore, be contrary to the proper planning and sustainable development of the area.
