The submissions on this file and the Inspector's report were considered at a Board meeting held on 27/03/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the zoning provisions for the site, to the nature and scale of the development subject to retention, and to the existing pattern of development in the vicinity, it is considered that the proposed development to be retained, subject to compliance with the conditions set out below, would not be out of character with development in the area and would not seriously injure the residential or visual amenities of the area or of property in the vicinity. The proposed development to be retained would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

1. The development shall be retained in accordance with the plans and particulars lodged with the application, as amended by the revised plans submitted to An Bord Pleanála on the 8<sup>th</sup> day of January, 2019 reducing the parapet level along the north-eastern boundary (drawing number ABP\_422\_P\_02-02), except as may otherwise be required in order to comply with the following conditions.

Where such conditions require details to be agreed with the planning authority,

the developer shall agree such details in writing with the planning authority and the development shall be retained in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

3. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid within two months of the date of this Order or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
