At a meeting held on 20/03/2019, the Board considered the report of the Planning Inspector, as well as the documents and submissions on file, in relation to the proposed development consisting of a new 110kV gas insulated switchgear (GIS) substation adjacent to and to replace an existing 110kV air insulated substation (AIS) at Lanesborough Village, County Longford.

The Board determined that the proposed development, as set out in the plans and particulars received by An Bord Pleanála on the 30<sup>th</sup> day of January 2019, does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to Longford County Council.
