The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/04/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the zoning objective of the area, the design, layout and scale of the proposed development and the pattern of development in the area, it is considered that, subject to compliance with conditions below, the development to be retained would not seriously injure the visual amenities of the area or residential amenity of property in the vicinity. The proposed development for which permission to retain is sought would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

- 1 The development shall be retained in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to

commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

- 2 The development to be retained shall not be used as commercial premises and shall be restricted to use as ancillary to the adjoining dwelling use, except with a prior grant of permission.

Reason: To protect residential amenity.
