At a meeting held on 14/08/2019, the Board considered the report of the Planning Inspector, as well as the documents and submissions on file in relation to the proposed addition of a new 110kV bay connecting to an existing busbar within the Dunmanway Substation, County Cork.

The Board determined, in accordance with the Inspector's reasoning and recommendation, that the proposed development, as set out in the plans and particulars received by An Bord Pleanála on the 27th day of February 2019 does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to Cork County Council.
