The submissions on this file and the Inspector's report were considered at a Board meeting held on 17/09/2019.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

1 Having regard to the location of the site within an area under urban influence as identified in the "Sustainable Rural Housing Guidelines for Planning Authorities" issued by the Department of the Environment, Heritage and Local Government in April, 2005 and in an area where housing is restricted to persons demonstrating a local need in accordance with the Wicklow County Development Plan 2016-2022, and to National Policy Objective 19 of the National Planning Framework, adopted by the Government, in relation to rural areas under urban influence, such as in the current case, which states that it is policy to "facilitate the provision of single housing in the countryside based on the core consideration of demonstrable economic or social need to live in a rural area...having regard to the viability of smaller towns and rural settlements", it is considered that the applicant has not demonstrated that he comes within the scope of the housing need criteria as set out in the Guidelines or the Development Plan for a house at this location in the open countryside, and that he has not demonstrated an economic or social need to live in this rural area in accordance with national policy and Wicklow County Development Plan, 2016-2022, Furthermore, the Board is not satisfied that the applicant's housing needs could not be satisfactorily met in an established smaller town or village/settlement centre. The proposed development, in the absence of any definable or demonstrable need for

the house, would contribute to the encroachment of random rural development in the area, and would militate against the preservation of the rural environment and the efficient provision of public services and infrastructure. The proposed development would, therefore, contravene the Ministerial Guidelines, be contrary to national policy and conflict with the provisions of the current Wicklow County Development Plan. The proposed development would, therefore, be contrary to the proper planning and sustainable development of the area.

2 Having regard to the small size of the farming plot, compounded by the subsequent significant reduction in the area left for farming purposes after the omission of the site for the proposed house, it is considered that the proposed development, by the precedent which the grant of permission for it would set for other relevant development, would adversely affect the balanced, orderly development of rural areas in the vicinity of Newtownmountkennedy and would, therefore constitute development which would be contrary to the proper planning and sustainable development of the area.
