The submissions on this file and the Inspector's report were considered at a Board meeting held on 25th February 2020.

The Board noted that the intake for the proposed inert landfill and construction and demolition waste recovery facility at Ballinclare, Kilbride, Co. Wicklow exceeded the relevant threshold set out in the Seventh Schedule of the Strategic Infrastructural Act, 2006, as amended. The Board decided in accordance with the Inspector's recommendation that the development in question falls within the scope of section 37A(2)(a) and (b) of the Planning and Development Act, 2000, as amended, and constitutes strategic infrastructure necessitating an application directly to the Board.
