ABP-304785-19

The submissions on this file and the Inspector's report were considered at a Board meeting held on 02/10/2019.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

On the basis of the information provided with the application and appeal, and in the absence of a Natura Impact Statement, the Board cannot be satisfied that the proposed development and the development proposed to be retained, individually or in combination with other plans or projects, would not be likely to have a significant effect on the European Site: Killarney National Park Macgillycuddy's Reeks and Caragh River Catchment (site code 000365), or any other European Site, in view of the site's Conservation Objectives. In such circumstances the Board is precluded from granting permission for the proposed development and for the development proposed to be retained.
