The submissions on this file and the Inspector's report were considered at a Board meeting held on 27/09/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the provisions of the South Dublin County Development Plan 2016-2022, and the nature, scale and design of the former garage and current residential use to be retained, it is considered that, subject to compliance with the conditions set out below, the development for which retention permission is sought would not seriously injure the residential or visual amenities of the area, or set an undesirable precedent for similar future development. The development for which retention is sought would, therefore, be in accordance with the proper planning and sustainable development of the area.

## Conditions

1. The development shall be retained in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority and the development shall be retained in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The existing house and converted garage to be retained shall be jointly occupied as a single residential unit and the converted garage shall not be sold, let or otherwise transferred or conveyed, save as part of the dwelling.

**Reason:** To restrict the use of the converted garage in the interest of residential amenity.

3. The applicant or developer shall enter into a water and/or waste water connection agreement(s) with Irish Water, prior to commencement of development.

**Reason:** In the interest of public health.

4. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid within two months of the date of this Order or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
