

Board Direction BD-004531-19 ABP-304958-19

The submissions on this file and the Inspector's report were considered at a Board meeting held on 14/11/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the 'RS - residential' zoning of the site, the established residential character of the area, and the undeveloped context of the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not interfere with any existing protected views, would not detract from the landscape character and visual amenity of adjacent 'HA – High Amenity' zoned lands, would be consistent with the policies and objectives of the Fingal County Development Plan 2017 – 2023, including the 'RS - residential' zoning, PM45 and DMS44, and with the Howth Special Amenity Area Order 1999, and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1.	The development shall be carried out and completed in accordance with
1.	The development shall be carried out and completed in accordance with
	the plans and particulars lodged with the application, as amended by
	further plans and particulars received by An Bord Pleanála on the 22 nd
	day of July 2019, except as may otherwise be required in order to comply
	with the following conditions. Where such conditions require details to be
	agreed with the planning authority, the developer shall agree such details
	in writing with the planning authority prior to commencement of
	development and the development shall be carried out and completed in
	accordance with the agreed particulars.
	Reason: In the interest of clarity.
2.	Water supply and drainage arrangements, including the disposal of
	surface water, shall comply with the requirements of the planning
	authority for such works and services.
	Reason: In the interest of public health.
3.	The developer shall enter into water and/or wastewater connection
	agreement(s) with Irish Water prior to the commencement of this
	development.
	Reason: In the interest of public health.
4.	Details of the materials, colours and textures of all the external finishes to
	the proposed dwellings shall be submitted to, and agreed in writing with,
	the planning authority prior to commencement of development.
	Reason: In the interest of visual amenity.
5.	The landscaping scheme shown on the Landscape Report, as submitted
	to An Bord Pleanála on the 22nd day of July, 2019 shall be carried out
1

of the development [or until the development is taken in charge by the
local authority, whichever is the sooner], shall be replaced within the next
planting season with others of similar size and species, unless otherwise
agreed in writing with the planning authority.
Reason: In the interest of tree protection and in the interest of residential
and visual amenity.
Prior to commencement of development, the developer shall lodge with
the planning authority a cash deposit, a bond of an insurance company or
such other security as may be accepted in writing by the planning
authority, to secure the protection of the trees on site and to make good
any damage caused during the construction period, coupled with an
agreement empowering the planning authority to apply such security, or
part thereof, to the satisfactory protection of any tree or trees on the site
or the replacement of any such trees which die, are removed or become
seriously damaged or diseased within a period of three years from the
substantial completion of the development with others of similar size and
species. The form and amount of the security shall be as agreed between
the planning authority and the developer or, in default of agreement, shall
be referred to An Bord Pleanála for determination.
Reason: To secure the protection of the trees on the site.
All service cables associated with the proposed development (such as
electrical, telecommunications and communal television) shall be located
underground. Ducting shall be provided by the developer to facilitate the
provision of broadband infrastructure within the proposed
development. All existing over ground cables shall be relocated
underground as part of the site development works.
