The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/11/2019.

The Board decided that this appeal be disallowed and the licence refused, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

### **Reasons and Considerations**

Having regard to the existing furniture, features and utilities on the street, the high volume of pedestrian movements, it is considered that the placing of furniture on the footpath would significantly interfere with pedestrian movement on this busy inner-city thoroughfare, would be prejudicial to pedestrian safety and would therefore be contrary to the proper planning and sustainable development of the area.
