ABP-305071-19

The request for a time extension and for a pre-application consultation was considered at a Board meeting held on 02/09/2019.

The Board decided to grant an extension of time for the lodging of an application for substitute consent and consents to a pre-application consultation for the following reasons and considerations for a period of 25 weeks from the 10th of September until the 10th of March 2020 in order to allow for the compilation of information to be include as part of the remedial EIAR and a remedial NIS

Reasons and Considerations

The Board noted the request made for an extension of the period for the making of the application for substitute consent and a request for a pre-application consultation in this instance and, taking into account the circumstances pertaining to this case, was of the opinion that an extension of 6 months would be reasonable and appropriate to enable preparation of the remedial Environmental Impact Assessment Report and a remedial Natura Impact Statement.
